

Please be informed of the changes related to COVID-19 in the School of Nursing.

- Effective June 21, 2021, students, staff, and faculty will follow the Linfield University policies for masking in classes and activities. The policies depend on the person's COVID vaccination status and personal preference. The ELC supplies KN95 masks to all students, staff and faculty as requested or needed. [See attached flyer](#) and link below. This overrides the previous temporary uniform policies for on-campus clinical experiences. Students still follow clinical agency guidelines when off campus. Link: <https://inside.linfield.edu/files/ehs/face-covering-policy.pdf>
- COVID-19 vaccination category will be *required* in Complio starting July 9, 2021 (Exemption forms will be available) for students and clinical faculty. Please check your Complio account to remain compliant. Students graduating in the AUG21 cohort are not required to meet this deadline for COVID vaccination. All other cohorts need to meet this requirement by August 30, 2021. See attached [SON Covid-19 vaccine statement](#).
- Dean of Nursing is available to talk with students about COVID vaccination requirements at open sessions on campus at these times in Building 2 conference room:  
Thursday, July 15, 1200-1230  
Tuesday, July 20, 1200-1230  
Tuesday, August 3, 1200-1230  
Dean Jones shares this link about COVID-19 vaccination:  
<https://yalehealth.yale.edu/yale-covid-19-vaccine-program/who-should-and-shouldnt-get-covid-19-vaccine>

Thank you for your attention to compliance and COVID policies to protect our community.

*Bcc: all student cohorts, adjunct clinical faculty, faculty, staff*
