I. INTRODUCTION

Federal law (the “Clery Act”) requires educational institutions to provide all current and prospective students and employees with the security policies and procedures of the University, and crime statistics. These security measures are designed to enhance the safety of all individuals at Linfield University. Further information on the Clery Act may be obtained at <http://clerycenter.org/summary-jeanne-clery-act>.

Observance of University policies, as well as federal, state, and local law is required in order to fulfill the purposes of the educational institution. Although the University strives to provide a safe environment, everyone must take responsibility for their own safety and personal belongings.

This report is prepared by the Linfield Public Safety Department ("LPS"), in cooperation with local law enforcement agencies, the Office of Student Affairs, and the Office of Environmental Health and Safety.

The Annual Security Report is available on the Internet to all current students and employees of the college at <http://www.linfield.edu/linfield-public-safety/annual-report/annual-report.html>. Prospective students may request a copy of the report at the Office of Admission; prospective employees may request a copy at the Office of Human Resources. You may also obtain a copy of this report by contacting LPS, 900 SE Baker Street, McMinnville, Oregon 97128, or (503)-883-7233.

For additional information on University policies and procedures, consult the Linfield University personnel policies and procedures documents and handbooks, available online at <http://www.linfield.edu/policy.html>.

This report is being compiled and reported under the institution’s new name of Linfield University as of July 2020, but for the 2019 calendar year the institution name was Linfield College.

II. LINFIELD PUBLIC SAFETY

A. Department of College Public Safety’s Mission Statement

The mission of Linfield Public Safety is to foster a safe and secure environment that supports an exceptional educational experience. LPS enjoys partnerships with our campus communities based on mutual respect, cooperation, and a commitment to safety. We do so with the following values:

- **Professionalism** – We will develop our skills, knowledge, and training to best serve the community as public safety professionals.
- **Integrity** – We will conduct ourselves in a manner that is fair, ethical, and legal. We will exhibit the duty and honor for the position entrusted to us, gaining and keeping the community’s trust and confidence.
- **Communication** – We will always listen to the needs and the concerns of our community and follow through to make sure those needs and concerns are addressed.
- **Service** – We will always recognize the significance of serving the public. As such, we are committed to providing excellent service. We will employ processes, policies, and procedures that best serve students, faculty, staff and the public.

All LPS staff members are certified by Oregon's Department of Public Safety Standards and Training. The McMinnville Campus is staffed 24/7 by LPS. In 2019, Portland Campus was patrolled by daytime and evening LPS or contract security staff. LPS patrol persons are not armed; they conduct foot, bike and vehicular patrols of campus areas regularly. In addition, a courtesy ride service is provided 24 hours a day. LPS patrol persons make referrals for violations of university policies, rules and regulations. Local police departments are contacted for enforcement relating to violations of city or state laws. More information can be found on the LPS webpage at: <http://www.linfield.edu/linfield-public-safety.html>.

B. Reporting Incidents and Emergencies

Any person in immediate danger due to crime or emergency should contact local law enforcement IMMEDIATELY by dialing 911. When the emergency has subsided, the victim should also report the crime as soon as possible to LPS.

For non-emergency situations, any person who is a victim, witness or has knowledge of any criminal activity or other incidents on campus should report it immediately to LPS.

C. Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the College system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of LPS can file a report on the details of the incident without revealing your identity. A confidential report will preserve your privacy, while assisting the future safety efforts for yourself and others. With such information, the University can keep an accurate record of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution. Please note that campus Professional Counselors and Pastoral Counselors, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion in annual crime statistics. Counselors are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion in annual crime statistics.

D. Sexual Misconduct and Relationship Violence Reporting

Every employee has a responsibility to report incidents of sexual harassment, discrimination and/or misconduct perpetrated against a Linfield student.

There are a variety of ways to report sexual misconduct and/or relationship violence. All of the following options are available to you, and can be pursued separately or simultaneously.

Formal Misconduct Reporting

A formal misconduct form may be submitted. This form is not anonymous and information contained in the form will be reviewed by Linfield University officials. With the formal misconduct report form, contact will be made and resources will be provided to the reporting party and responding party.

Completing this form does not constitute a police report. Formal reporting may be done through several university offices:

- **Linfield Public Safety** - [503-883-7233](tel:503-883-7233) (24/7)

[An anonymous sexual misconduct form can be completed online.](#) This option is applicable if you do not want any follow up regarding your specific case. Completing the anonymous report form does NOT constitute a police report or a student conduct report. Anonymous reports are used to gather and record information regarding the incidence of sexual assault on and around our campus, and to [inform the community about the campus climate](#). You will not be asked for your name or contact information on this form.

Anonymous reporting may also be done through these non-Linfield agencies:

E. Missing Person Guidelines

If a person has reason to believe that an on-campus student is missing, efforts will be made to locate the student through the collaboration of the Office of Student Affairs and LPS. The local police department (in McMinnville or Portland), with assistance and cooperation of the University, will be the primary investigative unit in missing student cases.

Linfield students have the option to identify an individual to be contacted by the University in the event the student is determined to be missing. Students who wish to identify a confidential contact can do so through the Office of Student Affairs. The University will contact the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, the university will notify the student's parent or legal guardian no later than 24 hours after the student is determined to be missing.

If located, verification of the student's state of health and intention of returning to campus will be determined. When appropriate, a referral may be made to the Student Wellness and Counseling Center.

More information can be found at:

<http://www.linfield.edu/linfield-public-safety/missing-person-guidelines.html>.

F. Emergency and Non-Emergency Information

LPS may be contacted from McMinnville campus phones at extension 7233, and at (503) 883-SAFE (7233) from off-campus or cell phones. McMinnville officers are available 24 hours a day, 7 days a week, and will respond to all reports of crimes and emergencies. We ask that all crimes and suspicious circumstances be reported as soon as possible.

All McMinnville campus residence halls are equipped with a yellow Emergency call box. Blue Light Emergency call stations are located at various locations on campus. Pushing the "Emergency" button on either of these devices will connect you with LPS. To contact the McMinnville Police Department for non-emergencies, call (503) 434-7307.

The Portland campus community can contact Linfield LPS at 503-413-7210. If there is no security officer on duty in Portland, the call will be forwarded to the McMinnville CPS phone. The Portland Police Bureau can be reached by dialing 911 for life threatening situations, crimes in progress or situations where an officer is needed immediately. For non-emergency matters in the Portland metro area, call (503) 823-3333.

G. Notification of University Emergencies

The University has established an Emergency Notification System, CATALERT, which provides multiple notice methods to students, faculty and staff about situations that may pose a substantial threat to our community. Linfield community members registered on this system can be notified via email, phone call (land-line, cellular), and/or text message.

In case of an emergency on or near campus, Linfield University officers will authorize voice and/or text messaging and/or email communication through the emergency notification system. Registered

students, staff and faculty will receive the message very quickly – typically within minutes of transmission.

Depending upon the communication method used by the College (voice, text and/or email), registered individuals will receive the following: voice mail message at registered telephone numbers; email messages at campus and up to one additional email address if registered; and a text message on registered cell telephones that accept SMS messaging.

Emergency notifications will be limited to matters such as severe weather alerts, campus closures, delayed starts, emergency building concerns, or intruders. The system is tested yearly to ensure all three modes of notification (phone, email and text messaging) function properly. The system was successfully tested on both the McMinnville and Portland campuses, and notifications were made via phone, email and text messaging. These tests occurred on May 1st, 2019 and October 17th, 2019.

To register for the Emergency Notification System, log in to Web Advisor by going to <https://webadvisor.linfield.edu>. Click the “Log In” tab at the top right of the screen and use your CatNet ID and password to log in.

- Staff and Faculty: Click on the “Employees” or “Faculty” button. Select the “Emergency Notification System” link which is located under the “Employee Information” section. Follow the instructions on the page to update your information.
- Students: Click on the “Students” button. Select the “Emergency Notification Info” link which is located under the “Academic Profile” section. Follow the instructions on the page to update your information.

H. Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of law enforcement or the University, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning may be issued through the college CATALERT system to students, faculty, and staff; in person notification by Linfield Public Safety and/or Residence Life staff; and/or the use of portable address systems. Timely warnings may also be posted on the Linfield website: <http://linfield.edu>.

The website is accessible via computer by all faculty, staff and students and printed copies of the notice may also be posted in each residence hall and/or at other conspicuous locations through the campus as the situation permits.

I. Responding to Emergencies

Linfield College has adopted a Standard Response Protocol that demands a specific vocabulary, but also allows for great flexibility. There are four specific actions that can be performed during an incident.

Lockout

This would be implemented when there is a threat or hazard outside of the building

- Get inside the building
- Recover students and staff from outside building
- Lock all outside doors if possible
- Increased situational awareness

- Account for students, friends and coworkers
- Business as usual inside the building

Lockdown

Lockdown is a room-specific protocol that involves hiding and preparing to defend yourself.

- Move away from sight
- Maintain silence
- Lock the door if possible
- Lights out if possible
- Wait for First Responders to open door

Evacuate

Evacuate to the announced location

- Bring your phone
- Follow announced instruction
- Leave personal possessions behind

- Drop, Cover and Hold
- Seal as instructed (Hazmat situation)
- Remain silent
- Follow directions
- Assist others to appropriate shelter methods
- Account for students, friends and coworkers
- Notify Emergency Personnel regarding any missing or injured persons

The Standard Response Protocol is based not on individual scenarios but on the response to any given scenario. The protocol is simply a response enhancement for critical incidents, designed to provide consistent, clear, shared language and actions among all students, staff, faculty and first responders.

The following poster is prominently displayed in every residential and academic building on our campus:

J. Crime Log

LPS maintains a Crime Log that records, by date the crime was reported, all crimes and serious incidents that occur on campus, on non-campus properties, on public property adjacent to campus, and within the LPS patrol jurisdiction.

The Crime Log includes the nature, date, time, and general location of crimes reported to LPS, as well as the disposition of the complaint, if the information is known at the time the data is entered into the log. Specific incidents are entered within two business days of the initial report. LPS reserves the right to exclude reports or specific information from the Crime Log in certain circumstances.

The Crime Log is available for inspection by the general public online at <http://www.linfield.edu/linfielde-public-safety/annual-report/crime-log.html> or at the LPS Office in Cozine Hall, 900 SE Baker Street, McMinnville, Oregon.

K. Partnership with Local Law Enforcement

Linfield enjoys a close working relationship with several law enforcement agencies. The LPS Director works closely with members of local law enforcement agencies to review community crime trends and mitigate risks at Linfield, including off-campus locations where student organizations are active.

In addition, Linfield LPS has representatives that participate in the Yamhill County Threat Assessment Team and in the Yamhill County Sexual Assault Task Force. These teams provide a direct connection for real time updates of potential community hazards and sexual assault information.

The McMinnville Campus is under the jurisdiction of LPS, McMinnville Police Department, Yamhill County Sheriff Department and the Oregon State Police. The Portland campus is under the jurisdiction of LPS, Portland Police Bureau, Multnomah County Sheriff and the Oregon State Police.

In the event of a criminal incident, students may pursue redress through the criminal justice system and/or the University's conduct system. However, the University's conduct system cannot establish whether a criminal act has occurred. That system is designed to hear cases only when university regulations have been violated. When an individual believes that a crime has been committed, the University encourages that person to file charges with the appropriate civil authorities. For a complete discussion of the University's student conduct process and sanctions, please refer to the Linfield University student handbook available at: <http://www.linfield.edu/assets/files/policy/student-handbook.pdf>.

The University will, upon written request, disclose to the victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

L. Crime Reduction Programs

Crime prevention is a proactive strategy designed to eliminate or minimize criminal opportunities before a crime actually occurs. LPS has developed programming and a webpage to give students, staff, faculty

and parents information about crime prevention, personal safety, and links to other resources. Below are some programs available from LPS.

LPS Courtesy Ride Program. The LPS Courtesy Ride Program provides a personal courtesy ride or walking escort for Linfield students, faculty, and staff who are concerned about their safety. The program is offered from one location to another on the McMinnville Campus seven days per week.

To request a ride or walking escort on the McMinnville campus, please call 503-883-7233. Portland campus community can request the same service when officers are available by calling (503) 413-7210.

Crime Prevention Presentations. Members of LPS are available to talk to any student or employee group on any of our campuses. These talks are designed to educate members of the campus communities about security and safety issues, and various techniques that can be used to prevent crime on campus.

Crime Prevention Through Environmental Design (CPTED) Surveys. Comprehensive safety and security audits of campus offices, buildings and grounds are conducted by the LPS Department on a continual basis utilizing current CPTED principles.

Operation Identification. Operation Identification, which is the engraving of serial numbers or owner-recognized numbers on items of value, is promoted and made available free-of-charge.

Personal Defense Class. Contact LPS for more information.

Community Emergency Response Team (CERT) Training. Linfield College LPS facilitates a CERT class for students, faculty and staff each semester. Contact LPS for more information.

If you would like more information about any of the crime prevention programs and services, please contact LPS at 503-883-7233, during regular business hours.

M. Emergency Management and Preparedness

The safety of every member of the college community is of utmost importance. Linfield engages in comprehensive emergency planning and response in accordance with the National Incident Management System. LPS and the Office of Environmental Health and Safety work together to ensure the emergency protocols and plan are updated as needed. Under the guidance of the Linfield University cabinet, several departments and offices work together to prepare for, prevent, respond to, and recover from emergency situations. In conjunction with local responding agencies, Linfield University is prepared to respond to a full range of emergencies.

N. Access to College Facilities

Academic Facilities - Linfield's academic buildings and facilities are open to students, staff, and faculty during normal business hours. Facilities are secured at all other times, unless for scheduled college approved events. Most academic facilities are equipped with a computerized card access system controlled by LPS. After-hours access to these facilities is granted to individuals with prior written authorization from the applicable academic departments.

Most facilities are secured by an automated system at all times. Access to these areas is granted to authorized faculty, staff, and students, and during class times only.

Residential Facilities - All Linfield residence halls are equipped with an automated card access control system. Residents and authorized staff have 24-hour access via this computerized system. All students have residence hall access during limited hours only. Guests and other visitors may visit residence halls as long as a member of the Linfield community has authorized their visit. Exterior doors to student residence halls remain locked 24 hours per day.

Only residents of the individual apartments and authorized staff have 24-hour access to residence halls. Residential housing facilities have standard locks and keys with the exception of the Hewlett Packard Apartments that are equipped with automated card access. Students are responsible for securing their individual rooms. The responsibility for securing individual residences falls to the student/renters.

O. Maintenance of University Properties

University facilities and landscaping are maintained so as to minimize hazardous conditions. LPS officers, as part of their general patrol procedure, will generate a work order to Facilities Services when they note any defective lighting or unsafe condition on campus. Students, faculty, and staff are also encouraged to report any safety or security concern to the Office of Environmental Health and Safety, ext. 2431 or LPS at ext. 7233.

For additional information on University policies and procedures, consult the Linfield University personnel policies and Student Policy Guide, available online at <https://www.linfield.edu/assets/files/policy/student-policy-guide.pdf>

III. LINFIELD UNIVERSITY POLICIES

A. Alcohol and Other Drugs

In keeping with the mission of the University, Linfield is committed to providing an environment which is safe and fosters excellence in learning for its students and in work performance for all of its employees. Therefore, the misuse and illegal use, possession, transportation, distribution, manufacture, or sale of alcohol and other drugs is not permitted on property owned or controlled by the university, or while representing the university on business or any university sponsored activity. The use of alcohol on University owned or controlled property or at events associated with Linfield programs is restricted to those of legal drinking age.

Those under 21 years of age may not consume alcohol (except in foreign locations with permission from the on-site director and within the laws of that location). Providing alcohol to minors or providing a location where minors can consume alcohol is prohibited and is a violation of the alcohol policy.

Students who have issues with alcohol consumption, or who develop a potential for such problems are encouraged to seek assistance in the Counseling Center in Walker Hall 105 or the Wellness Coordinator in Walker Hall 102. Employees should seek assistance through the EAP via the Human Resources Office.

Information can be found in the student handbook located at: <http://www.linfield.edu/policy.html>.

Drugs

Linfield University is a drug-free campus and community. Any member of the University community who uses, is under the influence of, manufactures, possesses, has under his/her control, sells, furnishes, or facilitates the use of a narcotic or dangerous drug or drug paraphernalia or misuses prescription medication, is subject to disciplinary action up to and including separation from the College.

Although the use of medical marijuana and recreational marijuana is legal in the State of Oregon in circumstances defined by law, any member of the University community who uses, is under the influence of, manufactures, possesses, has under his/her control, sells, furnishes, or facilitates the use of marijuana (including in marijuana oil, food products, candy, or any other form) on University property, whether in a residence hall, suburb housing, on college controlled property, at a college-sponsored function, either on or off campus, is in violation of University policy, and is subject to disciplinary action up to and including separation from the University.

Students who have a drug problem, or who develop a potential for such a problem are encouraged to seek assistance in the Counseling Center in Walker Hall 105 or the Wellness Coordinator in Walker Hall 102. Employees should seek assistance through the EAP via the Human Resources Office.

Drug Paraphernalia

Drug paraphernalia found in possession of persons under the age of 21 will be confiscated and destroyed by Linfield Public Safety, regardless of the value or suspected ownership. This includes, but is not limited to: bongs, grinders, pipes, vapes, bottles, or any other equipment, product, or accessory that is intended or modified for the use, consumption, or storage of federally illegal drugs. Drug paraphernalia found in possession of persons over 21 will be confiscated and held by Linfield Public Safety. At the discretion of the Director of Public Safety, confiscated items may be returned to the person as long as they are removed from Linfield property. A receipt for the returned item(s) will be issued to the student by Linfield Public Safety.

More information can be found in the Student Policy Guide available at:
<https://www.linfield.edu/assets/files/policy/student-policy-guide.pdf>

Medical Clemency Policy

Linfield University is strongly committed to the health, safety, and wellbeing of all its students. Students are encouraged to look out not only for their own health and wellbeing, but also for that of their peers. When someone's health or safety is threatened or appears to be at risk, students should take immediate action to prevent injury, illness, or danger. Medical Clemency is a policy that allows students to seek help for themselves or others, involved in a drug or alcohol-related emergency, without fear of being referred to the formal conduct process.

Linfield University is deeply concerned that, in a medical emergency involving alcohol or other drugs, some students may consider refraining from calling for help because of fear that doing so might subject them to disciplinary action. To address this concern, any individual who seeks campus or medical assistance on behalf of another student during an alcohol or other drug related emergency will meet

with the appropriate college official(s) to discuss the incident, but will not be subjected to disciplinary proceedings through Linfield College's conduct review process for possession or consumption of alcohol or other drugs.

The recipient of medical clemency will not be required to resolve the matter through Linfield University's conduct review process if she/he agrees to participate in a referral to an appropriate campus or community resource, and to comply with any possible recommendations set forth by that resource. Because the safety and wellbeing of our students is such a concern, students with multiple Medical Clemencies may be asked to seek a professional evaluation regarding their alcohol and/or drug use.

B. Bias Incidents

Bias crimes, also known as hate crimes, are criminal activity motivated by the perpetrator's bias toward certain actual or perceived personal characteristics of the victim. University policy and federal and state law prohibit crimes motivated by bias on the basis of race, color, sex or gender, age, ancestry, national origin, religious belief or practice, disability, sexual orientation, or political persuasion. The University is required to report annually on the statistical incidence of bias crimes on or around campus under the Clery Act.

The Clery Act defines hate crimes as any of the crimes otherwise reportable under the Clery Act or any bodily injury to any person in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity or disability of the victim. Please report all bias incidents to LPS or Residence Life staff immediately.

C. Harassment Policy

It is the policy of Linfield University to maintain a work and academic environment free from harassment for its employees, students, visitors, and vendors. Discriminatory harassment, including sexual harassment, is a violation of state and federal law. No form of discriminatory harassment, including sexual harassment, will be tolerated by Linfield University. Any and all complaints or allegations of harassment will be investigated promptly. Appropriate, corrective action will be implemented based upon the result of the investigation in the event harassment in violation of this policy is found to have taken place.

As a University that prides itself on fostering academic freedom, including freedom of speech and freedom of conscience, Linfield especially recognizes these values insofar as the classroom and learning environment in concerned. Students and faculty should refer to the section "Anti-harassment Protection and Academic Freedom" in their respective policy handbooks for consideration of the importance of academic freedom, freedom of speech, and freedom of conscience.

The University recognizes that students may wish to seek counseling and discuss circumstances relating to possible harassment without initiating a complaint. Under these circumstances, students are encouraged to seek counseling in the Offices of Student Health, Wellness and Counseling in Walker 103 or the University Chaplain in Melrose 110. Portland Campus students may contact the PDX Counseling Center. Online students should utilize local resources in their community. State-licensed counselors, Student Health Center providers, and the University chaplain are immune from being compelled to

divulge confidences by state law. Any communication with a state-licensed counselor or the university chaplain is not a complaint to the college and will remain confidential and will not result in an investigation.

Title IX of the Education Amendments of 1972 prohibits discrimination based on gender in educational programs which receive federal financial assistance. Title IX can apply in areas such as athletics, student recruitment and admissions, financial aid, scholarships, course offerings and access, employment, and housing and residential services. Title IX also protects students and employees, both male and female, from unlawful sexual harassment in school programs and activities, as well as sexual assault, which are forms of unlawful discrimination under Title IX.

D. Sexual Misconduct and Relationship Violence Policy and Procedures - 2019 Procedures

In keeping with its mission, Linfield commits itself to providing an environment which is safe and which fosters excellence in learning for its students and in work performance for its employees. Linfield's expectations of civility among community members exceed those applied to the public at large. It is the policy of Linfield College that no member of the College community shall engage in sexual misconduct or relationship violence against another member of the College or larger community and that, should this occur, the College will, to the extent it is able, support the reporting party and pursue sanctions against the responding party. To this end, the College shall annually apprise its students, faculty, administrators and staff of this policy, and inform them about the meaning and effects of sexual misconduct and relationship violence. For the protection of the community, the College may take action against those who commit such misconduct. In taking action, the college will make every attempt to provide as much anonymity for the reporting party(s) and the responding party(s) as possible. In fulfilling this policy and its procedures, the College shall seek to avoid creating a climate or taking actions that could, in themselves, have the effect of further harming a reporting party. The Linfield College Sexual Misconduct and Relationship Violence Policy, while prohibiting offenses forbidden by Oregon law, also prohibits conduct that may not be a crime under Oregon law. As a result, Linfield requires a higher standard of conduct for members of the Linfield community than those applied to the public at large. Law enforcement agencies contacted about sexual misconduct or relationship violence at Linfield will follow Oregon law, not Linfield College's Sexual Misconduct Policy.

Linfield's Definition of Sexual Misconduct and Relationship Violence:

- a. Non-consensual sexual contact:
 - i. any intentional sexual touching,
 - ii. however slight,
 - iii. with any object or body part,
 - iv. by any person upon any other person,
 - v. without consent.
- b. Non-consensual sexual intercourse:
 - i. any sexual intercourse (anal, oral, or vaginal),
 - ii. however slight,
 - iii. with any object or body part,
 - iv. by any person upon any other person,

- v. without consent.
- c. Forced sexual intercourse:
 - i. any unwilling or non-consensual sexual intercourse (anal, oral or vaginal),
 - ii. however slight,
 - iii. with any object or body part,
 - iv. that is committed either by force, threat, intimidation, or through exploitation of another's mental or physical condition.

d. Sexual Exploitation:

Sexual exploitation occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct or relationship violence offenses. Examples of sexual exploitation include, but are not limited to:

- i. prostituting another student;
- ii. non-consensual video or audio-taping of sexual activity;
- iii. going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- iv. engaging in Voyeurism;
- v. knowingly transmitting an STD or HIV to another.

e. Sexual Harassment:

Sexual harassment is unwanted sexual advances, requests for sexual favors, or visual, verbal, or physical conduct of a sexual nature when: (1) submission to such conduct is made a term or condition of employment or the educational relationship; (2) submission to or rejection of such conduct is used as a basis for employment or education decisions affecting the individual; or (3) such conduct has the effect of unreasonably interfering with a student's or employee's work performance or creating an intimidating, hostile, or offensive working, educational, or living environment. While sexual harassment encompasses a wide range of conduct, some examples of specifically prohibited conduct include:

- i. Promising, directly or indirectly, a student or employee a reward, if the student or employee complies with a sexually oriented request.
- ii. Threatening, directly or indirectly, retaliation against a student or an employee, if the student or employee refuses to comply with a sexually oriented request.
- iii. Denying, directly or indirectly, a student or employee an employment or education related opportunity, if the student or employee refuses to comply with a sexually oriented request. Engaging in sexually suggestive conversation or physical contact or touching another student or employee.
- iv. Displaying pornographic or sexually oriented materials.
- v. Engaging in indecent exposure.
- vi. Making sexual or romantic advances toward a student or employee and persisting despite the student or employee's

rejection of the advances.

- vii. Physical conduct such as assault, touching, or blocking normal movement.
- viii. Retaliation for making harassment reports or threatening to report harassment.

Sexual harassment can involve any person being harassed by another person. Although sexual harassment sometimes involves a person in a greater position of authority as the harasser, individuals in positions of lesser or equal authority also can be found responsible for engaging in prohibited harassment.

Sexual harassment can be physical and/or psychological in nature. An aggregation of a series of incidents can constitute sexual harassment even if one of the incidents considered separately would not rise to the level of harassment.

f. Domestic Violence

Domestic violence means a “felony or misdemeanor crime of violence committed by:

- i. a current or former spouse or intimate partner of the victim,
- ii. a person with whom the victim shares a child in common,
- iii. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- iv. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
- v. any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.”

g. Dating Violence

Dating violence means “violence committed by a person

- i. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- ii. where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - the length of the relationship;
 - the type of relationship; and
 - the frequency of interaction between the persons involved in the relationship.”

h. Stalking

Stalking means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- i. fear for their safety or the safety of others; or
- ii. suffer substantial emotional distress.”

Definition of Terms

- Explicit Consent

Explicit consent is the basis of the analysis applied to unwelcome sexual contact. Lack of consent is the critical factor in any incident of Sexual Misconduct or Relationship Violence.

- a. Explicit consent is informed, freely and actively given and requires clear communication between all persons involved in the sexual encounter
 - b. Consent is active, not passive. Consent can be communicated verbally or by actions. But in whatever way consent is communicated, it must be mutually understandable. Silence, in and of itself, cannot be interpreted as consent.
 - c. It is the responsibility of the initiator of sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually.
 - d. Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
 - e. Previous relationships or consent does not imply consent to future sexual acts.
 - f. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion. Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.
 - g. Effective consent cannot be given by minors, mentally disabled individuals or person's incapacitated as a result of drugs or alcohol.
 - h. If you have sexual activity with someone you know to be—or should know to be—mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), you are in violation of this policy.
 - i. Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand the who, what, when, where, why or how of their sexual interaction.
 - j. This policy also covers someone whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of a so-called "date-rape" drug. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketomine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student for the purpose of inducing incapacity is a violation of this policy.
 - k. Use of alcohol or other drugs will never function to excuse behavior that violates this policy.
- Penetration means any degree of insertion, however slight, of the penis or any other material object into the vagina, anus or any bodily orifice.
 - Sexual Contact is any touching of the sexual or intimate parts of the body.
 - Alcohol/Substance Incapacitation means that a person is rendered incapable of appraising or controlling one's own or the other's conduct at the time of the alleged offense due to the use of alcohol or other substances. All individuals need to answer the questions who, what, when, why and how.
 - Mental Disorder means that a person suffers from a mental disease or disorder that renders the person incapable of appraising the nature of a situation or the conduct of the other person.
 - Mental Incapacitation means that a person is incapable of understanding and acting with discretion in the ordinary affairs of life.
 - Physical Helplessness means that a person is unconscious, or for some reason is physically unable to

communicate unwillingness to engage in an act.

OPTIONS FOR REPORTING AND/OR PRESSING CHARGES

- We encourage you to report this incident to one of the college staff members listed in this handbook whether you choose to involve the police or not. The counselors in the Linfield College Counseling Center, the College Chaplain or staff in the Student Health Center will keep your report confidential. These staff members will file an anonymous report with the Director of College Public Safety for statistical reporting.
- If the alleged respondent is a student of the College, you may choose to report this incident to one of the individuals listed below and ask them to investigate and take appropriate action based on that investigation. Specific procedures are listed below. While promptness in reporting is desirable, the case may be investigated as long as the respondent continues to be a student at the College.
- You can report what has happened to the local police. We strongly recommend that you provide all relevant information and evidence to the police as soon after the assault as possible. The police forward their report to the prosecutor's office. The prosecutor then determines whether or not there is sufficient evidence to proceed with the case. Their 24-hour number is 503-434-6500.
- The College's complaint procedure provides for immediate, thorough, and objective investigation of all claims of sexual misconduct or relationship violence. If sexual misconduct or relationship violence has occurred, the College will take appropriate remedial action that is commensurate with the severity of the offense.
- The College strictly prohibits retaliation against any person for using this reporting procedure, or for filing, testifying, assisting or participating in any manner in any investigation or proceeding involving allegations of discrimination or harassment. Any person who violates this policy will be subject to discipline, up to and including termination if they are an employee, and/or dismissal if they are a student.

Retaliation Defined:

Retaliation is any action by any person that is perceived as: intimidating, hostile, harassing, retribution, or violent that occurred in connection to the making and follow-up of the report.

Title IX

Title IX of the Education Amendments of 1972 prohibits discrimination based on gender in educational programs which receive federal financial assistance. Title IX can apply in areas such as athletics, student recruitment and admissions, financial aid, scholarships, course offerings and access, employment, and housing and residential services. Title IX also protects students and employees, both male and female, from unlawful sexual harassment in school programs and activities, as well as sexual assault, which are forms of unlawful discrimination under Title IX.

Linfield has established a committee, consisting of a Title IX Coordinator and Deputy Coordinators, each of whom have specific knowledge to respond to concerns in the areas described above. Inquiries related to this policy can be directed to the following:

The Hearing Process

If a complaint is filed with the Dean of Students Office, the process for adjudication is as follows. This procedure applies to reporting parties of sexual misconduct or relationship violence as well as responding parties of sexual misconduct or relationship violence.

1. The responding party(s) shall be notified by an appropriate official of the University that they are accused of violating the sexual misconduct and relationship violence policy.

2. The student(s) shall be notified that they may elect one of three courses of action:

- a. The student(s) may admit the alleged violation and request that the Dean of Students take whatever action seems appropriate.

- b. The student(s) may admit the alleged violation, and request a hearing before the University Conduct Board.

- c. The student may deny the alleged violation, in which case a hearing will be held by the University Conduct Board.

3. During the hearing, the reporting party(s) and the responding party(s) may be separated physically. Typically, a physical barrier may be used to eliminate any visual contact if requested by any party. Video conferencing may also be used as a way to attend the hearing electronically.

4. Both reporting party and responding party shall be entitled to an expeditious hearing of the case.

5. The hearing shall be of an informal nature and need not adhere to formal rules of procedure or technical rules of evidence followed by courts of law.

6. Following notification prior to the hearing both the reporting party and the responding party shall be entitled to the following:

- a. written notification of the time and place of the hearing,

- b. written statement of the charges of sufficient specificity to enable the respondent(s) to prepare a defense,

- c. a copy of the procedures as outlined here.

7. Both the reporting party(s) and the responding party(s) shall be entitled to appear in person, to present their view of what took place to the University Conduct Board, and may call witnesses in their behalf. Either of these persons may also elect not to appear before the University Conduct Board. Should they elect not to appear, the hearing shall be held in their absence.

8. Both the reporting party(s) and the responding party(s) shall be entitled to assistance from one member of the University community

(faculty, staff, or student) or one off-campus advisor who may observe and support but cannot speak for the responding party or the reporting party and may not question the board, witnesses or other participants.

9. Both the reporting party(s) and the responding party(s) or their on-campus advisor shall be entitled to ask questions of the conduct review body or any witness.
10. Both the complainant(s) and the respondent(s) shall be entitled to refuse to answer questions.
11. An audio record of the hearing shall be made and provided to the Dean of Students, for the purpose of hearing appeals and will be destroyed following all appeals
12. Both parties and all other non-members of the conduct review body shall be excused when the Board deliberates on its decision. That decision will be presented in writing to the Dean of Students, who will in turn notify both parties in writing of the conduct review decision. Notification of decision shall be accomplished by requesting that each party appear separately at an appointed time at the Dean's office. If either party does not appear at the appointed time, notification will be accomplished by mail.

Sexual Misconduct Appeals

Any student having been accused of sexual misconduct or relationship violence and having had a hearing before the University Conduct Board may appeal the decision. The reporting party may also appeal the decision. Any student wishing to appeal must lodge a statement in writing to the Dean of Students. Such an appeal must be lodged within seven days of notification of the original decision. The written appeal should present specific information as to the reason for the appeal. Appeals may be submitted under two conditions.

1. The conduct procedures outlined in the Student Handbook were not followed during the student's original hearing, or
2. New and significant evidence is available which was unknown and could not have been known at the time of the hearing.

The severity of sanction is not considered a legitimate ground for an appeal. Only one appeal is allowed per student involved. The Dean of Students will review the written appeal and other pertinent information and will notify the student in writing of the Dean's decision.

Guidelines for the Sexual Misconduct and Relationship Violence Hearings

In order to provide equity and efficiency in the administration of conduct review procedures, the following guidelines have been created. These guidelines should be interpreted in light of the philosophy and procedures stated

above. If there is more than one reporting party or more than one responding party for a specific incident, the cases may be considered separately.

The hearing shall be conducted in accordance with the following general format.

1. The chairperson shall inform all parties involved of the procedure to be followed at the hearing.
2. The chairperson shall then read the charges against the respondent and shall ask that individual if they understand the charges and whether or not they concur with them. If the responding party concurs, the University Conduct Board shall then consider the charges as accurate and hear any information that the respondent may present in mitigation or explanation.
3. If the responding party does not concur, the University Conduct Board shall then hear the evidence in support of the charges. The reporting party may present these or may ask an Advisor to do so in their behalf. After presentation of the evidence in support of the charges the responding party shall have the opportunity to:
 - a. present evidence in refutation of any or all the charges,
 - b. present any other relevant information,
 - c. question witnesses testifying in support of the charges.
4. Both the reporting party (or their proxy) and the responding party may ask questions of the University Conduct Board members. Members may ask questions of the student charged as well as of any witness testifying at the hearing. Off-campus advisors may not enter into discussion, ask questions or make comments during the hearing.
5. The students and all other non-members of the University Conduct Board will be excused, except the Dean of Students or designee who is to be consulted concerning penalty.
6. The University Conduct Board will deliberate and formulate its findings and recommendations.

Findings and Recommendations

The standard of proof required in student discipline cases is based on the preponderance of the evidence.

After hearing a case, the University Conduct Board may decide as follows:

1. Not responsible for a violation: No violation of a regulation has been proved.
2. Responsible for a violation: A violation of a regulation has been proved. In this case, the Board may impose a number of sanctions, individually or in a combination, including:
 - a. warning: an official reprimand in writing, delivered to the accused student and placed in the student's file;
 - b. probation: a condition that stipulates that any further violations of regulations may result in a suspension. Length of probation will be specified;
 - c. probation with terms: a condition that adds to regular probation stipulations that may deny the accused student certain privileges or requires certain action of the student;
 - d. recommendation for suspension: separation from the College for a definite or indefinite period of time;
 - e. recommendation for dismissal: permanent separation from the University; and/or
 - f. other action that may seem appropriate for any given case.Sanctions against groups include those listed above in a-f, and also deactivation, loss of all privileges, including college recognition, either temporarily or permanently.

Responsibilities of the Chairperson

The chairperson of the University Conduct Board or the Dean of Students' designee has the following responsibilities:

1. To notify both the reporting party and the responding party of charges brought and to provide each party with a copy of the University's Sexual Misconduct and Relationship Violence Policy and Procedures;
2. To make all arrangements for the hearing, including time, place, notification of persons involved, and a record of the hearings (Secretarial support will be provided by the executive assistant to the Dean of Students);
3. To decide all procedural matters during the hearing in accordance with established written guidelines and normal due process;
4. To control the conduct of the hearing with authority to exclude any person who refuses to comply with the rules or determinations of the chairperson;

5. To prepare or cause to be prepared in writing the findings and recommendations of the University Conduct Board, and to deliver them to the Dean of Students within 72 hours of the hearing.

Post Hearings

The findings and recommendations of the University Conduct Board will be presented in writing to the Dean of Students within 72 hours.

Confidentiality

- Both the content and the outcome of a hearing shall be considered confidential and no member of the University Conduct Board shall discuss a student's role in an incident except with other members of the University Conduct Board.
- The right of the College community to have knowledge of the work of the Board shall be met through the releases of summary outcomes of cases that do not mention the names of individuals.
- In certain cases, the public nature of the violation of regulations or the student's own public admission of guilt may bring attention to a case, but this does not alter the confidentiality of the conduct review proceedings.

Presidential Prerogative

As the final administrative authority for the University, the President has and must have the authority to act without consultation with any other person or conduct board and to suspend or expel any student who is acting in a manner which the President feels is contrary to and of a dangerous character to the University as an institution or to persons belonging to or associated with the University Community.

The Office of Student Affairs shall provide for the adequate, reliable, and impartial investigation of all complaints.

Constructive notice is insufficient to constitute actual knowledge.

"Process Navigator" means a person of a party's choosing who can accompany them to any hearings, investigative interviews, or other meetings related to this procedure. - C. Explicit Consent means that it is the responsibility of the initiator of sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually. This includes knowledge of somebody's mental or physical state and corresponding ability to consent. An incapacitated individual is incapable of providing explicit consent.

- A. be alcohol or substance induced incapacitation, or
- B. be the result of a mental disorder or physical helplessness.

“Mental Disorder” means that a person suffers from a mental disease or disorder that leaves the individual rendering them incapable of appraising the nature of a situation or communicate unwillingness to engage in an act.

“Physical Helplessness” means that a person is unconscious, or for some other reason physically unable to communicate unwillingness to engage in an act.

“Nonforcible Sex Offense” means unlawful, non-forcible sexual intercourse. (incest, statutory rape)

SEEK MEDICAL ASSISTANCE

We urge you to consider seeking medical assistance. You may do this at the Hospital Emergency Room or at the Linfield Student Health Center (see hours listed above). For your physical well-being, it is important that you undergo a medical examination as soon as possible after the assault! This will include tests for HIV, STIs, and pregnancy. The forensic medical exam is also important to gather evidence in support of a charge of rape or sexual assault. If you think you were drugged, tell the person completing your medical exam. While your first desire may be to “clean up,” you are encouraged not to douche, bathe, eat, drink, smoke, or change clothes before you go for an exam. Bring a change of clothing with you. The Emergency Room has a specific protocol to follow called a SAFE (Sexual Assault Forensic Examination) Kit that includes semen collection, saliva samples, hair combings and other tests (as appropriate), which will help you if you decide to take legal action against your assailant. If any clothing worn during the sexual assault is removed, place it in a paper bag and take it with you to the hospital.

REPORTING TO THE McMinnville Police

McMinnville Police Department has implemented the “You Have Options Program” as a more effective tool for dealing with sexual assault victims. We have chosen this program and believe it is another step forward in ensuring that victims are cared for and supported rather than being re-traumatized by the criminal justice process.

The **You Have Options** program was developed by Detective Carrie Hull of Ashland Police Department. She presented the information at the Oregon Chief’s Conference in the Spring of 2014. The primary premise of the program is that if we do the following action points, we can enhance our service to victims, improve our sexual assault investigations, and focus on dealing more effectively with the small number of serial sexual perpetrators that commit the majority of these crimes and often do so with impunity.

1. We enhance our services to victims by giving them options in how they report and how much they report. We intentionally give victims the chance to take control and make choices since one of the greatest injuries in sexual assaults is the loss of control by the victim. By giving the victim the opportunity to exercise control over the level of participation they provide (anonymous report, partial investigation, and a complete investigation) the victim is allowed to determine the pace at which the investigation is conducted, they are allowed to remain anonymous and to protect their confidential information. This allows them to build a more trusting relationship with police officers and investigators, take a break if needed as traumatic memories or fears are dealt with and overcome, and gives them back control, confidence and strength.
 1. In order to protect the rights of potential suspects and maintain objectivity in our investigations, we do not list alleged assailants as suspects until the victim allows a complete investigation or we develop probable cause evidence from some other source.
 2. The most common goal of victims in reporting their assault (according to Ashland PD’s research) was that they be believed and not blamed for the assault they were a victim of, not always seeking prosecution of their assailant. Note – this is partly a law enforcement issue in general and a societal issue as a whole.
2. We improve our sexual assault investigations by utilizing the Forensic Experiential Traumatic Interview (FETI) techniques developed and taught by the US Army. These recognize the cognitive issues created by a traumatic incident such as a sexual assault, shooting, or other critical events. It encourages investigators to interview with more open ended questions, at a slower pace if needed, and with much more listening and much less questioning. There are some specific types of question that are avoided as they put victims on the defensive and there are some more sensory response or experience questions that help obtain information and understanding without passing judgment.
3. We will improve our identification and prosecution of serial sexual offenders by obtaining better information from victims, checking the history of named offenders

in other communities (we already found a local case that immediately connected with a previous sexual assault case we had received, but were unable to prosecute), and hopefully by getting more victims willing to report or partially report as this program increases the trust between law enforcement and victims, advocates, and institutions within our community. McMinnville Police Department has generally had positive interactions with victims and advocates and this program is intended to enhance our service level to victims and our community, not to address a problem or failure at the police department. We anticipate that this program is likely to increase the number of sexual assault reports. Based on Ashland's observations, while they have doubled their reporting, the number of active cases has not increased beyond the resources of their investigators because a portion of that increase are cases that are waiting for victim input before they proceed further. We anticipate that this will be an increase in our investigative responsibilities, but not that we will need immediate assistance to maintain this program. Most importantly, we are adopting this program because it requires us to treat all victims the way we would want one of our friends or relatives treated if they had a sexual assault to report. Despite the potential for greater work, it is the right thing to do and a critical improvement in how we deal with victims of sexual assaults.

V. FIRE SAFETY

A. Introduction

It is the goal of Linfield University to provide a safe and healthy environment for all students, employees, and visitors.

Linfield seeks to recognize hazardous conditions and take appropriate action before such conditions result in an emergency, which includes fires. These efforts include timely fire evacuations, effective fire detection and alarm systems, fire prevention education and proactive fire hazard reduction.

B. Fire Evacuation Procedure

All students and their guests must evacuate immediately whenever a fire alarm is sounded. Use the nearest available exit to evacuate the building. Ignoring a fire alarm is grounds for severe disciplinary action to be determined by the Director of Residence Life or the Peer Community Standards Board. Students who may not be able to evacuate safely must contact college officials to make alternative arrangements.

You are expected to observe the building evacuation guidelines:

- 1) Leave room lights on
- 2) Close room door and windows
- 3) Leave blinds open
- 4) Wear shoes and carry/wear a coat
- 5) Move quickly to the designated assembly area
- 6) Once there, check in with a Residence Life Staff or CPS and wait for further instructions
- 7) Do not enter the building until directed to do so by Residence Life Staff or CPS.

Gather outside at the evacuation point identified below. This information is also provided on the building's Emergency Information/Exiting card.

Residence Hall	Evacuation Point
Anderson	Parking lot north of Anderson
Campbell	Open area just south of Campbell
Elkinton	Renshaw Field
Frerichs	Grassy area next to softball field
Grover	Intramural field
Hewitt	Grassy area next to softball field
Jane Failing	Intramural field
Larsell	Parking lot north of Larsell
Latourette	Intramural field
Mahaffey	Grassy area next to softball field
Memorial	Field between Anderson and Frerichs
Miller	Fire pit next to HHPA
Newby	East end of Oak Grove clear of trees

Pioneer	East end of Oak Grove clear of trees
Potter	East parking lot by White Apartments
Terrell	Renshaw Field
Whitman	Open area south of Campbell

If no alarm is sounding, notify emergency services by dialing 9-911 from a landline phone or 911 from any cell phone.

When a fire alarm is activated, the elevators will automatically recall to a pre-designated fire safe floor. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus ring to a monitoring center and Linfield will be notified.

McMinnville Fire Department will alert Linfield Public Safety. If a member of the Linfield community finds evidence of a fire that has been extinguished, and the person is not sure whether LPS has already responded, the community member should immediately notify LPS (7233 or 503-883-7233) to investigate and document the incident.

C. Fire Detection and Alarm Systems

On the McMinnville campus, all residence halls (Anderson, Campbell, Elkinton, Frerichs, Grover, Hewitt, Jane Failing, Larsell, Latourette, Mahaffey, Memorial, Miller, Newby, Pioneer, Potter, Terrell, Whitman, Dana, and the HP apartments) have integrated automatic sprinkler and fire detection and alarm systems throughout, which is monitored 24 hours per day, seven days per week. Monitored fire detection and alarms systems are present in the following apartments: 540 Quad, College Avenue, and Blaine Street. The systems are monitored 24 hours per day, seven days per week.

The fire safety sprinkler systems in each building are integral to the safety of each resident. Under no circumstances should anything be tied to, hung from, or in any way obstruct a sprinkler head. If broken off, a sprinkler will expel 50 gallons of water a minute, resulting in considerable damage to surrounding areas. Also, balls, Frisbees, etc., should never be thrown inside of buildings, for risk of general damage, but also due to the fact that these items can break off a sprinkler head. Students causing such damage will be held responsible for damage to all College property and all personal property of residents, as well as cleaning and associated charges.

Annually, a contractor tests the fire alarm systems and detectors and all issues are corrected. Residence Life and Facilities Services also perform inspections at least once a year of every residence. The inspections are also used to identify safety issues as well as conditions that may be detrimental to the health or wellbeing of the wider residential community. The inspections include a visual examination of sprinkler heads, smoke detectors and other life safety systems. Facilities Services staff or an appropriate outside contractor correct any issues found.

Each residence room is equipped with smoke detectors. If yours malfunctions, contact the Resident Advisor so that it can be repaired. It is against the law to unplug or tamper with the smoke alarm. Doing

so jeopardizes the safety of all residents and you may be fined up to \$500. It is wise to periodically check your smoke detector to be sure it is functioning properly. To do so, simply push the button. If it is working correctly, you will hear a loud beep. Misuse of fire and/or other safety equipment (fire escapes, fire-fighting equipment, sprinkler heads or pipes, exit signs, alarms) is strictly prohibited.

D. Fire Prevention Education

Fire drills are conducted at a minimum once during fall semester and spring semester, and are coordinated by Residence Life and LPS. Every residence hall has emergency evacuation maps installed in hallways and other common areas. On Linfield's Portland campus, fire drills in the residence hall, Peterson Hall, are conducted quarterly following the hospital's standard procedures.

Residence hall staff receives intensive and comprehensive fire safety training at the beginning of each year. Each first year resident is given a hard copy of the 'Guide to Living at Linfield', which includes information on fire safety and what appropriate action to take during a fire alarm or fire emergency. All returning students are directed to the online booklet available at:

<https://www.linfield.edu/assets/files/policy/student-policy-guide.pdf>

Fire safety training is also available to students, faculty and staff. This typically includes how to use a fire extinguisher and a demonstration of a simulated dorm room fire.

E. Policies on Portable Electric Appliances, Smoking and Open Flames

Because of the threat posed (i.e., personal safety and property), violation of any fire safety regulations may result in a fine of up to \$500, damage charges, and possible disciplinary action.

Open flames, including such items as candles, incense burners; laboratory burners, camp stoves, and torches may not be used in any campus residence. Due to the potential hazard, all fireplaces have been closed off and are not to be used. The only exception to this are the gas fireplaces located in Terrell and Elkinton. Residents in those must use the gas fireplaces safely.
